

Features & Benefits

- Master touchscreen controller for up to 120 PPF Tech LED fixtures
- 2 circuits allows independent scheduling per each zone
- On, Off and Dim including optional sunrise/sunset ramping
- High temperature dimming protection
- Temperature, humidity and VPD monitoring
- Optional CO2 monitoring
- Optional PAR monitoring and daylight harvesting (on/off/dim)
- Daily scheduling
- Lithium battery backup

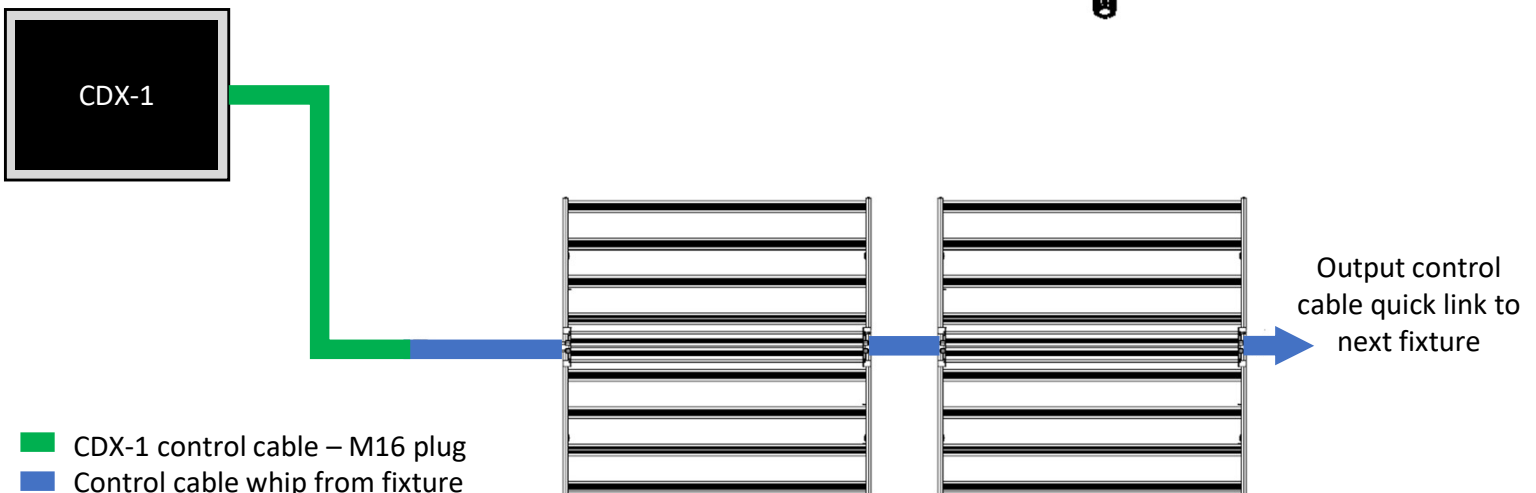

Specifications

Dimensions (L x W x H):	7.7" x 1" x 4.8"
Weight:	1.35 lbs (613g)
Input power:	100-240 VAC, 50/60 Hz
Output:	0-10Vdc
Max # of fixtures per circuit	120 (60 fixtures per 2 circuits)
Max connection length:	300 feet per channel
Warranty	3 Years

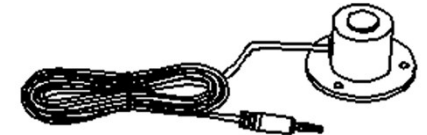

Contents

- (A) Controller (1)
- (B) 12Vdc adapter (1)
- (C) Mounting plate (1)
- (D) Mounting screws (3)
- (E) (F) 3M connection wire (2)
- (F) Control cables (2)
- (G) Humidity and temperature sensor (2)
- (H) PAR sensor – sold separately (PARS-1)
- (J) CO₂ sensor – sold separately (CO2S-1)
